#### **Nursing:**

Texas Tech University Health Sciences Center designates this activity for .75 Nursing contact hours. Nurses should only claim credit commensurate with the extent of their participation in the activity.

#### **Disclosure & Mitigation of Relevant Financial Relationships:**

None of the planners and faculty for this educational activity have relevant financial relationships to disclose with ineligible companies except:

- Shiraz Yazdani, MD, faculty for this enduring material, is on the speakers' bureau for AbbVie, Abbott, and Medtronic.

All of the relevant financial relationships listed for these individuals have been mitigated.

Office of Accredited Interprofessional Continuing Medical Education

**The Med Edit Podcast FY2024: Pain Pain Go Away**

Effective Dates: 9/26/2024 through 9/25/2027

By: Jessica Gray, MD, Cari Sorrell, MD, and Shiraz Yazdani, MD

Objectives: Following this enduring material, the learner should be able to:

- Demonstrate and understanding of best practices, alternative treatments options, and multi-modal approaches to pain management that may include physical therapy, psychotherapy, and other treatments.
- Convey safe and effective pain management related to the prescription of opioids and other controlled substances, including education regarding:
  - Standards of care
  - Identification of drug-seeking behavior in patients
  - Effectively communicating with patients regarding the prescription of an opioid or other controlled substances.
- Apply appropriate concepts of prescribing and monitoring of controlled substances.

**For first-time users of the text-in feature from your cell phone, please follow these steps:**

1. Activate your profile in the TTUHSC OAICME “My Portal” if you haven't already. This step is necessary before utilizing the text-in option. Access TTUHSC OAICME “My Portal” using this link: <https://cmetracker.net/TTUHSC/Publisher?page=pubOpen&nc=7120399723#/myPortal>
2. Once your profile is activated, text your email address only to 844-984-4767 from your cell phone. You only need to do this step the first time to set up your text messaging account. Save this number on your phone for future use; it will be used for all activities to text in your attendance.
3. You'll receive a system reply indicating whether your record was located or not. If there's an issue, please follow the instructions in the reply or contact our office for assistance at 806-743-2929.
4. Upon confirmation that your email was found, you're now ready to use the new Text-In attendance feature.
5. Follow the instructions provided in the "Instructions on How to Receive Credit" form to confirm your attendance, provide an evaluation, and request credit.

For additional guidance, you can view a tutorial by clicking on the link provided below.
